February	1	Prep 1– class II	Sports day
	15	Prep 1---Class II	Pattern making with thread
	22	Prep--- class II Class I & II	Hindi recitation Games /Musical evening

## ACTIVITY CALENDER 2018-2019 (ACADEMIC) Classes III – X

The academic session 2018-19 will be dedicated to “Mathematics the poetry of logical ideas”. The objective behind it is to enhance the vocabulary and interest in Mathematics. The activities conducted throughout the year will help the students to be adept at oral and written communication and develop an appreciation of the aesthetic aspects of Mathematics, to inculcate passion towards the two subjects English and Mathematics.

The concept of 'Vidyarthi 's Drishtikon' ( students perspective) was a success last session so for the session 2018-19 the intra-school events will be organized by the students . Students will not only participate but also create and co-organize their own events.

We are also collaborating with the British council for the ISA (International School Awards), under which the students will participate in activities with International dimension.

MONTH	DATE	CLASSES	ACTIVITIES	Event managers
