**Greetings of the Day Readers!
Hope this newsletter finds you safe
and
healthy.**

**We, the Student Council of Bloom
Public School have started a
monthly
newsletter that aspires to create
constitutional awareness, gender
sensitivity, and scientific temper
as**

**enshrined in the National
Educational Policy.**

**In this issue we will be talking
about –**

**India's Republic Day and National
Youth Day 2024.**

1. What does being Republic mean?

A republic is a country where the supreme power lies with the people and is exercised by them through elected representatives. In a republic, citizens have fundamental rights and liberties, and the government is subject to the rule of law

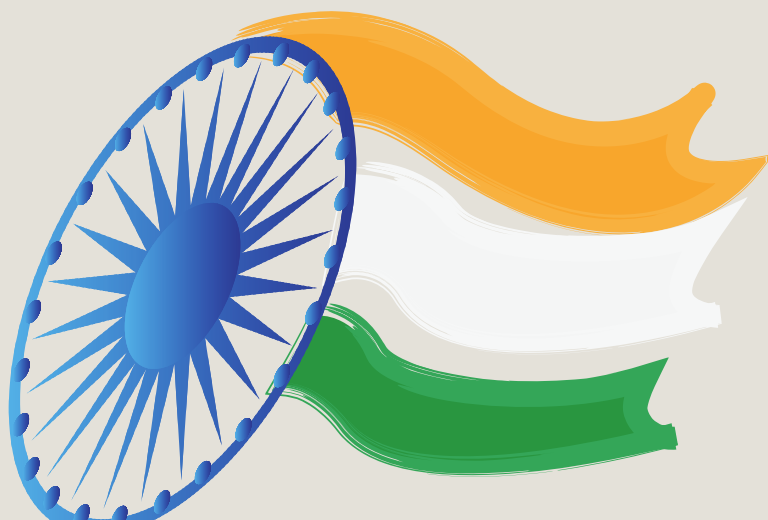

2. Significance of the Indian Republic Day

India celebrates Republic Day on January 26th to commemorate the adoption of its Constitution on this day in 1950. The Constitution established India as a sovereign, socialist, secular, democratic republic, guaranteeing justice, liberty, equality, and fraternity to all its citizens. It is a day to celebrate the values enshrined in the Constitution and the ideals of democracy.

3. History of the Indian Republic Day

The Indian freedom struggle was a long and arduous journey. After gaining independence from British rule on August 15, 1947, India needed a governing document to guide its newly formed nation. A Constituent Assembly, led by Dr. B.R. Ambedkar, was formed to draft the Constitution. After two years and eleven months of deliberations, the Constitution was adopted on November 26, 1949, and came into effect on January 26, 1950.

4. Significance of the youth in a country

The youth are the future of any country. They are the ones who will inherit the mantle of leadership and shape the destiny of the nation. It is important to invest in the education and development of the youth to ensure that they are equipped with the knowledge, skills, and values to become responsible citizens and effective leaders.

5. Why is the National Youth Day celebrated?

National Youth Day is celebrated in India on January 12th to commemorate the birthday of Swami Vivekananda, a philosopher and spiritual leader who believed in the potential of the youth to build a better future. The day is observed to raise awareness about the importance of youth development and to encourage young people to contribute to society.

6. How are the youth of today the future of tomorrow?

The youth of today are more connected, informed, and engaged than ever before. They are also facing unprecedented challenges, such as climate change, technological disruption, and economic uncertainty. However, their resilience, creativity, and idealism give them the potential to overcome these challenges and build a better world.

7. Some youth achievers of India and the world

Malala Yousafzai: Pakistani activist for female education and the youngest Nobel Prize laureate

Ananya Birla: Indian Entrepreneur

Greta Thunberg: Swedish environmental activist

Shubman Gill: Indian cricketer

8. Young ones at Bloom (FUTURE LEADERS)

9. Words from the editor

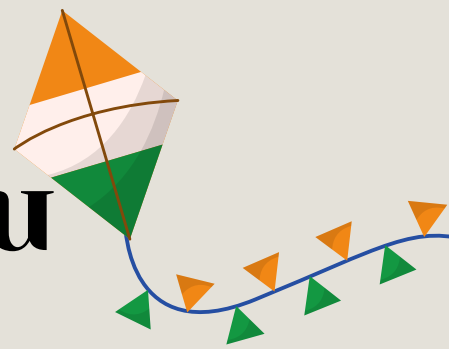

As we celebrate Republic Day and National Youth Day, let us remember the values that our nation stands for and the important role that each of us plays in shaping its future. Let us strive to be responsible citizens, active participants in our democracy, and agents of positive change.

The future belongs to you, the youth of today. Dream big, work hard, and never give up on your aspirations. Together, we can build a brighter future for ourselves and for generations to come.

10. Thank you

We hope you enjoyed this edition of our school newsletter. Please share your feedback with us and let us know what you would like to see in future issues.

Remember, the youth are the hope of our nation. Let us inspire them to reach for the stars and make the world a better place.

Sincerely, Rianna Srivastav
